

Last summer ~~holiday~~, I had gone ^{for} a holiday with my family on the resort island. I was so excited when I knew about this. I enjoyed my wonderful tour too.

We went there by plane and ferry. The island was very beautiful. When we arrived, we went to the hotel first. I was very tired. I needed to take a bath. Then I had my dinner with my family in the restaurant. The restaurant was very big and beautiful. We chose a table that was near the windows. Then I could look at the whole island. This restaurant was great. The waiters were very polite. They suggested us to eat the seafood because it was famous in seafood. Then we ordered it. After that, we went back to the hotel and had our bed time.

Next day, we started our travel. We travelled on the tourise bus. Then we looked around. I could see there were a lot of village houses and trees. There was a big forest too. Then we went to a temple. I found that they were very special. After that, we went to

the garden. There were a lot of insects. Such as butterflies, bees and ladybirds. They looked very lovely. Then we had a picnic on a thick grass land. The grass were very soft and comfortable. I took a deep breath. The air was very fresh and clean. After that, we started our wonderful lunch. Mum had prepared a lot of delicious food for us. They were sandwiches, apples, salads and noodles. "Yummy! Yummy! I liked them!" I said after I finished my lunch.

Finally, we went to the beach. I found that the water was clean. I could see the sand clearly. My father enjoyed swimming himself. My mother had a sunbath. My brother and I enjoyed playing with the sand very much. We built a beautiful castle for our parents. We enjoyed the time on the beach very much. We felt happy too. I wouldn't forget today. I would remember it forever.

On the third day, we needed to leave the island. We needed to go back home. I thought I would come back again! So, I would suggest that (they were very proud of us.) people to come here.
