After that, we went to a famous fashion shop. I touched the dummies inside it because they were beautiful. Besides, I also took some photos with them. They were fantastic photos. However, my friends were all very scared.....

Then, we went to <sup>a</sup> toy shop. We played the toys there. They were all very funny and interesting, such as toy cars, Barbie dolls, TV games..... When we were playing the toy cars, I stepped on it and I fell down. While I was standing up, all the toys could move by themselves. My friends and I couldn't believe that, so we left the toy shop so soon as possible.

We kept running until we arrived a corner which was putting many pictures that drew by famous artists. That was the best pictures that I had seen before. We went in front of a picture which drew by a Chinese artist. Then, a scary things happened again. The horse, <sup>and the man</sup> in the picture went out from it. The man took us to the horse's back and it started running.

It took <sup>us</sup> to a big book shop and kicked <sup>us</sup> down from its back. We all felt painful. I thought <sup>that</sup> it must be some strange things happening here. Therefore, we went out <sup>it</sup> quickly. Then, we saw a lot book flew <sup>all</sup> towards us. We ran and ran and came to a small toilet. We thought we should call the police, so I called it by my phone.

When the police came, all the things just looked like nothing happened. The police also thought that we had stolen somethings from the department store. Therefore, they took us back to the police station.

It was the most unlucky day in my life.
