PRIMARY 6 -- ENGLISH

Title: Ways to Get Better at English for a P.6 Student

English is a very common language. Therefore we should all be better at English. Since we are Primary six students, we should be able to learn some harder English words and be able to pronounce complicated English words. Here are some suggestions on how to be better at English.

1. Read books. We should all have a habit of reading English books everyday. And we should not just read ~~to~~ easy books and comics because they could not help you to improve your English. There is an effective way to get better at English by reading books. First, when you are reading a book, don't just think about getting better at English. You should just enjoy the book and relax. Secondly, you should pick a book that you like. Reading books that you like will make things much easier.

2. Suggestion 2. Watch English cartoons or TV shows. This should improve your pronunciation of English words if you listen ~~to~~ carefully to words

that the cartoon character or the person in the show said.

Here are some tips on how you should watch the cartoon or show. Firstly, you should not turn on the Chinese subtitles. Because if you do, then you would concentrate on the subtitles and ignore what the person in the show or cartoon character is saying. You should only turn on the subtitles if you do not understand what they are saying. Secondly, you should not watch the show which includes bad words or swear words. Learning these words would not be helpful, and if you say out these words, no one is going to appreciate you. Most importantly, when you are learning English, the number one rule to make things a lot more easier is to have fun when you are learning English. Why? Because when ^{you} are having fun while you are learning English, you would learn English much faster and memorize English words more clearly. When you are learning English ~~at~~ in a way that you do not like, then you will not be willing to learn English. ^{Then} you would learn English words slowly and you would not remember what you ~~learn~~ learnt clearly. Remember, if you are choosing ways to ~~be~~ learn English and be better at it, ~~use~~ choose the fun and enjoyable way!
