The Best Place, Japan

I would like to go to Japan. There are many things we can do and learn.

First, we can go to the Tokyo Disneyland. At Tokyo Disneyland, we can play many things, like roller coasters, pirateship and so on. It is fascinating and awesome. Besides, we can go and take photos with our favorite cartoon characters, Mickey and Minney. Moreover, it is good to buy cheap souvenirs there, like key rings, toys, or decorations. All of them are very pretty. For entertainment, we can also go and play the high-tec robots. The robots can do lots of things, such as cooking, speaking and running. Then, we can buy the most famous toy, Lego. We can use these bricks to create different items.

At the other side, we can go to different museums to know their culture and their history. We can learn the samurai, the knights of Japan, and know about their daily life. Also, we can know about their geography, and why they always have tea and drink. Besides, we can know the wars between Japan and other countries. It is meaningful and nice to know the histories and culture of this good place.

Also, we can go to some high tower, like Tokyo tower, to have the beautiful views. And the natural environment are good too, the Fuji mountain is one of the good example. We can go to Fuji mountain by the tram, and we can take many photos. We can also enjoy the hot bathing in a very low °c. It is very comfortable. We can also eat the warm eggs there, they are very tasty and soft.

At last, the money is very cheap that we can save some money for entertainment.

For include, I want to go to Japan and I thing it is a good place.
